

# Year 5- Term 4 Activity Grid

We have provided a range of activities which you could complete over the next few weeks. As always be as creative as you like but remember to check with your parents and carers first before you complete an activity as some may need adult help. We cannot wait to find out what activities you chose to complete.

<p><b>The World of David Walliams</b></p> <p>Enjoy some of David Walliams books being read daily by David himself.</p>  <p><a href="https://www.worldofdavidwalliams.com/elevenses/">https://www.worldofdavidwalliams.com/elevenses/</a></p>	<p><b>Spring Cleaning</b></p> <p>Help your family by completing a chore a day/week. Even better do some chores without your parents/carers having to ask you to help.</p> 	<p><b>50 Things to do before you are 11 ¾</b></p> <p>The National trust has a list of 50 varied activities. You could either choose some from there or create your own list to do. You could write each activity on a lollipop stick or a piece of paper then select one at random when you are looking for something to do</p>  <p><b>National Trust</b></p> <p><a href="https://www.nationaltrust.org.uk/50-things-to-do">https://www.nationaltrust.org.uk/50-things-to-do</a></p>	<p><b>Ready Steady Cook</b></p> <p>Learn to cook a new recipe with your family. This could a new baking treat or a full meal. Record the recipe to share with others. Write a review of your dish. How could you improve your dish next time?</p> 
<p><b>Code.org</b></p> <p>Complete the coding courses on code.org We have assigned new courses for you to complete. Remember you have your login details for this. To access search <a href="https://code.org/join">code.org/join</a> and enter your class code.</p> 	<p><b>Creative Christian Values</b></p> <p>Choose one of the following Christian values and create a poster to show how you could live out the value in your everyday life.</p> <div>       </div>		<p><b>Fabulous French (From Madame Parriss)</b></p> <p>Draw/paint/model our solar system and label it in French. Remember – Pluton n'est pas une planete (Pluto is not a planet) but you can include it if you wish. Here is our song about 'Le Systeme Solaire' to help you:</p> <p>Mercure, Venus, Et la terre, Mars, Mars, Mars, Et Jupiter! Saturne, Uranus, Et Neptune! Pluton, Pluton, N'oubliez pas la lune!</p>  <p><b>French</b></p>
<p><b>Glorious Geography</b></p> <p>Last term we learnt about some of the countries in North America. Choose a different country and research the human and physical geographical features. You could create a travel brochure of places to visit. Find out about their culture including population, religion, food and places of interest. Find out about the biomes, climate and landforms including rivers and mountains.</p> 	<p><b>Mindfulness Colouring</b></p> <p>Many of us have a collection of colouring books, activity books and sticker books that we have put away and forgotten about. Now is the perfect time to hunt them out, sharpen your colouring pencils or grab your felt tips and relax with some colouring. You can download colouring sheets if you need them from <a href="https://www.twinkl.co.uk/">https://www.twinkl.co.uk/</a> Ask a parent/carer to help you download them.</p> 		<p><b>Get Active</b></p> <p>Try to keep active during this time. We are sure many of you have been taking part in workouts with Joe Wicks but if you fancy a change take a look at the following: (Get your family and parents/carers involved too)</p> <p><a href="https://www.youtube.com/watch?v=L_A_HjHxfl">https://www.youtube.com/watch?v=L_A_HjHxfl</a></p> <p><a href="https://www.youtube.com/watch?v=8uUawnM-FD8">https://www.youtube.com/watch?v=8uUawnM-FD8</a></p> <p><a href="https://www.bbc.co.uk/teach/supermovers">https://www.bbc.co.uk/teach/supermovers</a></p> <p><a href="https://www.youtube.com/watch?v=xlg052EKMTk">https://www.youtube.com/watch?v=xlg052EKMTk</a></p> <p><a href="https://www.youtube.com/watch?v=mhHY8mOQ5eo">https://www.youtube.com/watch?v=mhHY8mOQ5eo</a></p> 
<p><b>Time Capsule</b></p> <p>We really are living through different and strange times at the moment. Create a time capsule for you to open in the future. You could write a letter to yourself about what is happening in the world at the moment, tell your future self how you are feeling, what things you have been doing. Draw a picture of you and your family as they are now in 2020. Read all about it! If it's safe get a newspaper, cut out the articles (or print some off the internet) that you think would be important to inform your future self about life during this time in 2020. Put it all together in a scrapbook, lunchbox or closed and labelled container. Place it somewhere safe, like the attic and leave it there for several years until you want to open it again.</p> 			

### Learn a Language

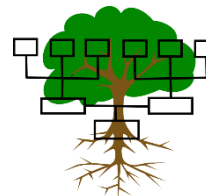

There are over 6500 different languages in the world. Some of them are spoken by millions of people, some are spoken by just a few. Rosetta Stone is giving free access to their site where you can choose from over 20 languages to learn.

<https://www.rosettastone.co.uk/lp/freeforkids/>

### Family History

Now could be a great time to interview the different members of your family as we have more time to spend together. Make a list of questions that you could ask and then carry out the interview. You could write the answers or record them. You could even interview family members by phone or video calling. You could also create a family tree.

### Get Gardening

This is the perfect time of year to get involved in the garden. There may be maintenance tasks you can help with like painting the fence or the furniture, weeding the flower beds and even cutting the grass with an adult. Get planting flowers, vegetables and herbs. There is a lot you can do even without outside space.

### People who have changed the world

Who do you think are the 10 people in history who have made the biggest difference to the planet? Do some research, talk with the people in your family and write down the names and achievements of your own Top 10. Challenge the members of your family to list their own Top 10 people who have changed the world. Do you agree on all, some or none of them?

### Spectacular Stop Motion

Gather together some Lego figures or Playmobil characters or even a selection of teddy bears. You could even draw your own characters, use household objects or make some playdough to make your own characters. Use a phone or tablet to take photos and create your own stop motion animation film. There are lots of instructions and tips online and free apps you can download including Stop Motion Studio and iMotion.

### Make a paper plate maze

In this paper plate maze STEM challenge, you are challenged to make a marble maze using household materials. You need to brainstorm, design, make prototypes, tweak and test your design.

DESIGN A MAZE  
stem activity for kids

### Spectacular Science

There are loads of ways you can explore science and engineering at home. <https://www.kiwico.com/diy> is just one website that has lots of step-by-step instructions and video clips to introduce you to lots of fun experiments including Melted Crayon Art, Mini Trampoline, Magic Mug Cake, Fizzing Colours and Lava Bottles.

### Make a Horse which walks

Using just paper can you make a paper horse that walks? This is a great STEM activity. Use the link below to find out how.

<https://frugalfun4boys.com/paper-horse-that-walks/>

Can you challenge someone from your family to a race?

### Family Time

Most importantly during all this time at home, keep safe, stay indoors but enjoy time with your family. Will you play games, read books, spend time in the garden, go for walks or just enjoy watching a film together. You will look back and treasure these moments in years to come.

Remember to keep practising your spellings on Spelling Shed and times tables on TT Rockstars. Also, don't forget to read a little every day, you could read to yourself or a family member.
