12<sup>th</sup> November 2020

Dear Parents and Carers,

**SWITCH OFF FORTNIGHT 16.11.20 - 27.11.20**

Our Eco Warriors and Carbon Ambassadors will be busy over the next two weeks with our 'Switch Off Fortnight' campaign as part of our energy work towards our Eco Schools Green Flag renewal.

The children will go undercover in their own classroom and complete an energy audit to find out just how many appliances and lights are left on during lunchtimes. Our Carbon Ambassadors will also be leading a virtual Collective Worship for the whole school to help raise awareness of our 'Switch Off Fortnight' campaign. This will include sharing top tips of how we can save energy and money both in school and at home.

Over the two weeks children will be taking part in lessons led by their teachers, focussing on saving energy. Mr Pateman, our Site Manager, will take meter readings and the Carbon Ambassadors will calculate how much energy we have saved throughout the fortnight. At the end of the fortnight, the children will once again go undercover and complete a second energy audit to see if their energy saving mission has been successful.

We will celebrate and share our work and results from Switch Off Fortnight on the school website. We cannot wait to see what difference we can make.

We want to encourage the children to be Eco Warriors both in school and at home. We have attached a top tips poster on how you can save energy at home with this letter.

Many thanks for your continued to support with our continuing Eco Schools work.

Yours sincerely

*A Worrall*      *M Green*
