

Want to be a climate activist?

Be a Switch Off Fortnight Star!

Want to do something to help stop climate change?
This is your chance!

Send us a poem, photo, poster, video, song, or rap to get everyone switching off and saving energy!

We'll share our favourites on the Pod and enter everyone who enters into a prize draw to win one of **10 Green Science Kits** to conduct exciting energy experiments*.

Let's help tackle climate change together by getting everybody to save energy by switching off, for Switch Off Fortnight!

Please send your entries to contact_us@jointhepod.org by midday on **Wednesday 17 November**.

Switch Off Fortnight is an exciting national energy-saving campaign from the Pod in partnership with the Energy Saving Trust Foundation. It takes place 8-21 November during COP 26, the UN Conference on climate change.
