

Pupil Premium Strategy Statement: Bourne Abbey Church of England Primary Academy

1. Summary information					
School	Bourne Abbey Church of England Primary Academy – REVIEWED SEPTEMBER 2021				
Academic Year	2020/2021	Total PP budget <i>Based on January 2020 census. This figure does not include the money for the 1 LAC pupil whose funding is received through Virtual Schools.</i>	£181,845	Date of most recent PP Review	September 2020
Total number of pupils Reception to Year 6	606	Number of pupils eligible for PP including Service pupils and LAC/PLAC pupils	140 <i>(NB 24 pupils no longer at school from September 2020)</i>	Date for next internal review of this strategy	July 2021

2. Barriers to future attainment (for pupils eligible for PP)	
In-school barriers	
A	Attainment and, in some cohorts, progress of PP pupils falls behind non PP pupils in school.
B	A number of PP pupils are on the SEND register. In some cases, their emotional needs and behaviour can affect their attainment and progress.
C	Lower self-esteem amongst the group. Less confident with their oral language skills and communication which can affect their reading and writing in particular (not service pupils).
D	Lack of confidence compared to many others in school (not service pupils).
External barriers	
	Attendance for pupils eligible for PP (95.2%) is below the whole school average of 96.1% (2019-2020 – up to 20.3.20 when schools closed due to COVID-19). This reduces their school hours and causes them to fall behind.
	A number of PP pupils (2019-2020 – up to 20.3.20 when schools closed due to COVID-19) are persistent absentees.
	Oral language skills and communication in Reception (and in other year groups) are lower for some pupils eligible for PP than for other pupils.
	Some of the group (35 pupils) are also vulnerable in other ways and in some cases, display challenging behaviour at school and at home. Their emotional readiness for learning can be a barrier to their progress.

3. Outcomes		
	Desired outcomes and how they will be measured	Success criteria
	<p>Overarching desired outcome: No Pupil Premium child will have been adversely affected by school closure due to COVID-19. Provision in place will enable all to 'Catch-Up' as necessary and support their mental health and wellbeing and attendance. See also Abbey Academies Trust's 'Catch-up'/'Flying High' plan of provision.</p>	
1	Improved oral language skills for pupils eligible for Pupil Premium (especially in Reception and Year 1) which impacts on their reading and writing ability.	At least 80% of pupils eligible for PP achieve GLD. PP pupils in year 1 pass the phonics test. Pupils are more articulate, are involved in discussions in lessons. At least 80% children meet the expected standards in reading, writing and maths.
2	Higher rates of attainment and achievement for ALL of the Pupil Premium pupils, including those that are more able.	The difference is diminished or closed between pupils eligible for PP and other pupils in school and nationally. All PP pupils make at least good and better progress.
3	Increased confidence, engagement and behaviour of Pupil Premium pupils within their class and around school.	Self-esteem has improved for all PP pupils and their individual profile in school is more visible.
4	Ensure all Pupil Premium pupils attend well. Continue to increase attendance of persistent absentees to be more in line with whole school average.	All Pupil Premium pupils attend school well. Improve overall PP attendance to be more in line with the whole school attendance figure. Reduce the number of persistent absentees among pupils eligible for PP.
5	Increased involvement in wider school activities and responsibilities e.g. Student Council, UNICEF Ambassadors, Peer Mediators, clubs and visits.	Increased participation by individuals in after school activities and wider school activities, some taking on key roles in school.

4. Impact on Standards

Academic year 2020-2021

As last year, we cannot provide a data picture for the academic year 2020-2021 due to Covid-19 school closure between Wednesday 6th January 2021 and Monday 8th March 2021.

We have an internal data picture for 2021-21, which includes careful monitoring of those in receipt of Pupil Premium. Rigorous analysis of the data from Assessment Point 3 (July 2021) has been undertaken. From this, clear provision maps were written, identifying vulnerable groups, in preparation for the children's return in September 2021. These have been updated following detailed baseline assessment of all pupils in September 2021. During lockdown, PP pupils were provided with high quality home learning which was monitored by teachers and members of the Senior Leadership Team. When learning resumed we continued to ensure support was in place for PP children to progress academically, whilst ensuring their mental health and wellbeing needs are also met. This support will continue throughout 2021/2022.

Provision is in place for children to 'Catch-Up' and diminish any difference as a result of school closures due to COVID-19. Regular Pupil Progress Meetings will be held for any pupils not making expected progress. A key focus will be all PP pupils, including those who are more able. Please see our Pupil Premium Strategy Statement for 2021-2022 which will be on our school website after it has been agreed by the Local Governing Body and the Board of Trustees in the Autumn term. Attendance of PP pupils will also be closely monitored and children who are absent due to Covid-19, including if school goes into lock down, will receive high quality online learning and pastoral support for those who are vulnerable.

Please also see Abbey Academies Trust's 'Catch-Up' or 'Flying High' plan. We refer to these strategies and approaches as encouraging children and staff to: 'Fly High.' This is in keeping with our Trust's ethos and will help ensure that our staff, children and parents/carers see such support in a positive light and as an opportunity to achieve and improve.
