How is each of the British Values included in a Jigsaw Lesson?

The British Values are promoted through the use of the Jigsaw Learning Charter which is shared at the beginning of every Jigsaw PSHE lesson. The Learning Charter is child-centred and aims to encourage children to work together and follow a set of 'ground rules' to create a safe, positive learning environment. The behaviours of the Jigsaw Charter are reflected in the whole-school Learning Charter developed in the first puzzle of the year (Being Me in My World), and will consequently permeate the school community, supporting children as they grow and learn. The Learning Charter supports the work that is going to happen in each Jigsaw lesson.

Democracy is evident across all puzzles within the Jigsaw PSHE 3-11 programme. Children have lots of opportunities for their voices to be heard through whole class, group or paired discussions. The Jigsaw Learning Charter aims to ensure that all lessons establish a safe learning environment. The 'ground rules' of the Learning Charter invite children to sign and agree to try and stick to the rules during all Jigsaw lessons. It encourages children (and adults alike) to listen carefully to one another, and respect the right of others whilst having opportunities to have their own opinions and voices heard. Jigsaw encourages children to take ownership of their learning through their 'Help Me Reflect' time when recording their thoughts, feelings and ideas in their individual Jigsaw Journals. Many of the Jigsaw PSHE lessons include 'Pause for Thought' moments, whereby children can reflect in the moment; considering their thoughts and feelings. Opportunities are given to all of the children to share their thinking, thoughts and ideas with others if they feel comfortable doing so.

The Rule of Law is evident in every Jigsaw lesson when beginning the session with the Jigsaw Learning Charter. Establishing a safe, comfortable environment for all children (and adults) to learn in is paramount to every lesson. Children are also taught about their rights as a child, including those from The United Nations Convention on the Rights of the Child (UNCRC). These are included in all puzzle pieces. At Jigsaw, we believe it is important for children to understand equality and their rights, to understand how both they should be treated, and how they should treat others. A separate mapping document has been created to evidence where these are taught in the Jigsaw 3-11 PSHE programme. Children are taught the value, importance and reasoning

behind why rules exist. There are lots of opportunities throughout all age groups to explore making positive choices as well as how this balances with consequences. Making positive behavioural choices is explored through class, partner and group discussions. Opportunities for children to explore their thoughts during 'Pause for Thought' moments invite children to consider how they feel in the present moment, impacting choices and individual thinking.

Individual Liberty Jigsaw provides a structured programme of personal development to nurture the 'whole child' and increase learning capacity, underpinned by mindfulness philosophy and practice. Jigsaw PSHE begins this teaching right from the beginning in the Early Years Foundation Stage and offers opportunities for children's spiritual, moral, social and cultural (SMSC) development. At Jigsaw, we believe these opportunities are vital for children's development, understanding of themselves and others, and increasing their capacity to learn. Children are provided with opportunities to make informed choices and feel comfortable expressing their views. The ethos of a Jigsaw lesson aims to always make every child feel welcomed, valued and comfortable and therefore promotes a positive learning environment.

Mutual respect One of the key aspects of Jigsaw is how we enable and teach children to have respectful discussions on sensitive subjects. Jigsaw aims to provide a structured lesson format in which a safe learning environment is created. Each lesson plan includes phrasing, suggested use of language and terminology as well as suggestions for asking openended questions sensitively and reflectively. Jigsaw lesson plans provide these prompts through 'ask me this' questions. These are designed to support adults leading the session to feel confident in connecting with children to think about how they feel or what their opinions/ideas may be. Often this includes topics which involve thought-provoking and sensitive subjects. As children get older they build on previous knowledge and skills to develop their ability to listen to others respectfully, debate other people's views and consider ways that we can be accepting of those who may be different to ourselves. Even in lessons where different points of view are encouraged, and issues may be debated, the Learning Charter is always revisited and its expectations reinforced. This ensures that children feel enabled to freely express their fait h, feelings and values in an environment of mutual respect.

Tolerance of those of different faiths and beliefs The Celebrating Difference puzzle specifically looks at how we might differ in many ways, but that there are human and spiritual elements in us all where we can find a connection and empathy with each other, no matter how much the world might find difference a cause for conflict. Jigsaw aims to go beyond 'tolerance' to help children 'celebrate difference', their own individuality and that of others. The children learn to be interested in what makes us all unique from as young as 3 years old and this includes the way we embody our beliefs, feelings and values. For children 7 years and over, elements of the Equality Act are examined within this puzzle which again ensures that the faiths, feelings and values of others are respected. Schools with Jigsaw embedded into their everyday life will also invoke the Jigsaw Learning Charter in other lessons, for example, in Religious Education. This ensures that children understand that the respect we discuss in Jigsaw PSHE permeates into other areas of school life and supports schools in ensuring that all differences in faith and beliefs are celebrated and respected.
