‘Striving for excellence whilst caring for all within a loving and caring Christian environment.’

As a RRS (Rights Respecting School – UNICEF) this upholds the following articles from the UNCRC (United Nations Convention on the Rights of the Child):

Article 2: Everyone has equal rights whatever their race, religion, ability, whatever they think or say or whatever their family.

Article 3 The best interests of the child must be as top priority in all actions concerning children.

Article 28: Every child has the right to an education.

Article 29: Every child has the right to be the best they can

Our Academy Vision

We are a community in which everyone is offered the opportunity to fulfil their full potential, to understand themselves and be valued for who they are. Through a stimulating and challenging learning environment, we pursue academic excellence and seek the flourishing of all. This is because we know we are all God’s children.

“Do all the good you can, by all the means you can, in all the ways you can, in all the places you can, at all the times you can, to all the people you can, as long as you ever can.”
John Wesley

Our mission statement:

‘Striving for excellence, caring for all
Within a loving and caring Christian environment.’

‘There is neither Jew nor Greek, there is neither slave nor free man, there is neither male or female; for you are all one in Christ Jesus.’ Galatians 3:28

GUIDING PRINCIPLES

In fulfilling the legal obligations cited below, we are guided by nine principles:

Principle 1: All children are of equal value.

We see all learners and potential learners, and their parents and carers, as of equal value:

- whether or not they are disabled
- whatever their ethnicity, culture, national origin or national status
- whatever their gender and gender identity
- whatever their religious or non-religious affiliation or faith background
- whatever their sexual identity

Principle 2: We recognise and respect difference.

Treating people equally (Principle 1 above) does not necessarily involve treating them all the same. Our policies, procedures and activities must not discriminate but must nevertheless take account of differences of life-experience, outlook and background, and in the kinds of barrier and disadvantage which people may face, in relation to:

- disability, so that reasonable adjustments are made
- ethnicity, so that different cultural backgrounds and experiences of prejudice are recognised
- gender, so that the different needs and experiences of girls and boys, and women and men, are recognised
- religion, belief or faith background
- sexual identity

Principle 3: We foster positive attitudes and relationships, and a shared sense of cohesion and belonging.

We intend that our policies, procedures and activities should promote:

- positive attitudes towards disabled people, good relations between disabled and non-disabled people, and an absence of harassment of disabled people
- positive interaction, good relations and dialogue between groups and communities different from each other in terms of ethnicity, culture, religious affiliation, national origin or national status, and an absence of prejudice-related bullying and incidents
- mutual respect and good relations between all members of our school community regardless of gender identity, and an absence of sexual and homophobic harassment

Principle 4: We observe good equalities practice in staff recruitment, retention and development

We ensure that policies and procedures should benefit all employees and potential employees, for example in recruitment and promotion, and in continuing professional development:

- whether or not they are disabled
- whatever their ethnicity, culture, religious affiliation, national origin or national status
- whatever their gender and sexual identity, and with full respect for legal rights relating to parenthood and adoption

Principle 5: We aim to reduce and remove inequalities and barriers that already exist

In addition to avoiding or minimising possible negative impacts of our policies, we take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist between:

- disabled and non-disabled people
- people of different ethnic, cultural and religious backgrounds
- different gender identity groups

Principle 6: We consult and involve widely

We consult and engage with a range of groups and individuals to ensure that those who are affected by a policy or activity are consulted and involved in the design of new policies, and in the review of existing ones.

Principle 7: Society as a whole should benefit

We intend that our policies and activities should benefit society as a whole, both locally and nationally, by fostering greater social cohesion, and greater participation in public life of all groups.

Principle 8: We base our practices on sound evidence

We maintain and publish quantitative and qualitative information about our progress towards greater equality in relation to:

- disability
- ethnicity, religion and culture
- gender.

Principle 9: Objectives

We formulate and publish specific and measurable objectives, based on the evidence we have collected and published (principle 8) and the engagement in which we have been involved (principle 7), in relation to:

1. disability
2. ethnicity, religion and culture
3. gender.

We recognise that the actions resulting from a policy statement such as this are what make a difference.

Every three years, accordingly, we draw up an action plan within the framework of the overall academy improvement plan and processes of self-evaluation, setting out the specific equality objectives we shall pursue. The objectives which we identify take into account national and local priorities and issues, as appropriate.

We keep our equality objectives under review and report annually on progress towards achieving them.

THE CURRICULUM/TEACHING AND LEARNING/ ETHOS AND ORGANISATION

Our Pupils

Teaching and Learning

Our teachers and teaching assistants are committed to equality of opportunity **for all our pupils**, to ensure equal access to the curriculum and learning. Our teaching strategies are designed to enable all pupils to develop and achieve their potential. Please see our Teaching, Learning and Curriculum, SEND and Inclusion and RSE Policies for more details.

From September 2020, all primary-age children have been taught Relationships and Health Education in accordance with the Statutory Guidance from The Department for Education (DfE). At Abbey Academies Trust, we have proactively implemented a comprehensive PSHE curriculum that aligns with these requirements. We use the Jigsaw programme, which takes a mindful approach to PSHE, ensuring that our pupils receive a holistic and thoughtful education in these crucial areas.

As part of our commitment to staying current with educational best practices, we are closely monitoring potential updates arising from the DfE consultation on Relationships, Sex, and Health Education (RSHE), which is expected to be finalised in Autumn 2024. These changes may bring further refinements to the curriculum, and we are prepared to incorporate them as necessary to ensure compliance and the continued well-being of our pupils.

Our policy has been shaped through a thorough consultation process, including feedback from staff (January 2024), parents and carers (March 2024), and the Trust Board along with Chairs of Local Governing Boards (Feb 2024). This policy was ratified by Trustees on 22nd April 2024. We remain committed to engaging with our school community to deliver an education that reflects both statutory requirements and the needs of our pupils.

All RSE is delivered with an understanding that pupils and staff may be personally engaged in different structures of support and familial relationships, including single parent families, LGBTQ families, families headed by grandparents, adoptive parents, foster parents/carers, young carers, etc. This is delivered in line with the 2010 Equality Act which highlights the nine protected characteristics. The PSHE curriculum has been carefully designed to ensure that no person feels stigmatised; this is set within the context of the biblical teaching that all human beings are created in the image of God (Genesis 1:26-7) and that Christians are called to respect and honour everyone (e.g. 1 Peter 2:17).

Attainment and progress

Our staff, teachers and teaching assistants use a variety of strategies to ensure that all pupils achieve to their potential. The curriculum is planned effectively and work is differentiated to facilitate the achievement of all pupils. Through our programme of self evaluation the achievements of all pupils are monitored and evaluated. Attainment is measured against local and national data, issues are identified and incorporated into our Academy/School Improvement Plan.

Curriculum

Our curriculum follows the 2014 Primary Curriculum guidelines. We review it annually as part of our self-evaluation. We aim to enable our pupils to have experience of the multicultural and diverse society in which we live. (See our Curriculum Policy, Learning and Teaching Policy and British Values Statement)

Behaviour, discipline and suspensions/exclusions

Each class has agreed rules (Class Charters) and the school policy for promoting good behaviour. There are also clear guidelines for behaviour at break and lunchtimes. Behaviour is monitored by the Executive Head Teacher, Head of School, Leadership Team and class teachers. Problems with behaviour are dealt with and it is sometimes necessary to involve parents/carers. Any suspension/exclusion would be dealt with in accordance with national law and local guidance. (See Behaviour and Bullying Policy/Suspension and Exclusion Policy.)

The school takes seriously its legal obligations to eliminate discrimination and harassment and victimisation, as well as the duty to foster positive relations between groups and individuals. The Stephen Lawrence definition of a racist incident is used by the school to cover all forms of prejudice. The standard definition now adopted by most public bodies is:-

“Something is a hate incident if the victim or anyone else think it was motivated by hostility or prejudice based on one of the following things; disability, race, religion, transgender identity or sexual orientation.”

Racism and Racial Discrimination

Definitions:

- Racist behaviour- conduct or words which advantage or disadvantage people because of their race, colour, culture or ethnic origin.
- Racist incidents – any incidents which are perceived to be racist by the victim or any other person.

We do not tolerate racism of any kind. The Executive Head Teacher and Head of School will take action regarding racist incidents involving pupils, staff, parents, governors or visitors, either as victims or perpetrators.

Procedures for handling incidents of racial harassment.

The following procedures are to comply with the statutory code of practice for the elimination of racial discrimination and the promotion of racial equality in employment.

- Incidents of racial harassment will be dealt with in accordance with the Behaviour Policy, straight to the level where the Executive Head Teacher and/or Head of School is informed. Parents/carers may also need to be contacted.
- Incidents involving staff, parents/carers, Trustees, Governors, visitors, either as victims or perpetrators will be reported to the CEO, Executive Head Teacher, Head of School and the Board of Trustees.

- All incidents are written in the 'Log of Racist Incidents'. Entries are analysed and reported to the Board of Trustees and Local Governing Body in the Executive Head teacher/Head of School's report.
- A 'Racist Incident Form' should be completed.

Attendance, admissions and transfer

Our admissions criteria are published in our school prospectus. They are in line with LA guidance and are designed to ensure that there is no discrimination with regard to admission of pupils.

Attendance is monitored to ensure that all pupils are attending school where possible. We work with all schools and settings to ensure smooth transfer between schools.

Pastoral care and personal development.

We have very good relationships within school, between staff and pupils and between pupils. We monitor all our pupils to ensure that they are growing, developing and making progress. Our UNICEF, PSHE and citizenship work, including SEAL, explicitly and implicitly promote equality. Our daily assembly and/or Collective Worship provides opportunities for the promotion of equality.

Our Staff

Our staff are collectively and individually committed to the school's aims and values. This means that all our staff are committed to the promotion of equality.

Our recruitment and selection procedures adhere to equal opportunities legislation and guidance. No candidate is discriminated against on any grounds. We aim to professionally develop all our staff. We are committed to continuing professional and career development for all.

Our Parents/Carers

Our aim is to establish partnership with parents/carers. We seek to involve our parents in their child's education. We seek to ensure that no parent feels excluded from school for whatever reason.

Parent's Evenings, curriculum events and questionnaires are used to enable parents/carers to express their views. We operate an 'open door' policy with regard to our parents/carers in school.
