25<sup>th</sup> February 2022

Dear Parents/Carers,

## SPACEMAN SALAD

As part of our 'Into the Unknown' topic, during the week commencing the **28<sup>th</sup> February 2022**, the children will have the opportunity to plan and create their own 'Spaceman Salad'. They will be taste-testing a variety of ingredients to decide which items they would like to use before snipping, chopping and then eating their final dish. We will be using dehydrated ingredients, such as couscous, to recreate astronauts' eating experience.

Our ingredients will include:

- Couscous
- Apricots
- Raisins
- Sundried tomatoes
- Sweetcorn
- Mixed bean salad
- Butterbeans
- Chickpeas
- Chives
- Coriander
- Vegetable stock

Please do make sure that we have up to date allergy information for your child if appropriate and if you have any questions, please do speak to your child's teacher.

Many thanks and kind regards,

*Mrs D Gould*

Assistant Head & Year 1 Leader
