

at Bourne Abbey Primary Academy

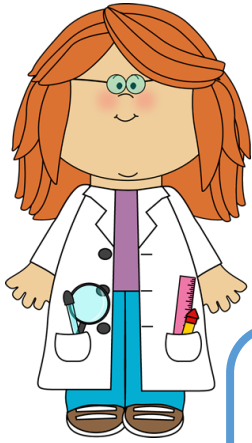

Our Vision

At Bourne Abbey Primary Academy, science is for everyone. We are inspired by the awe and wonder of the world around us and we are motivated to bring about positive transformations for our future. We promote curiosity and shape inquisitive thinkers, who question, explore, investigate and reflect on their learning.

SCIENCE IS
FOR EVERYONE

SCIENCE

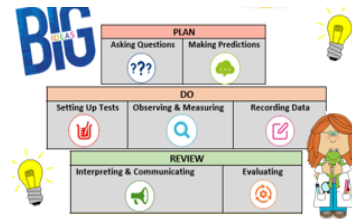

at Bourne Abbey Primary Academy

Our Principles

We are **inquisitive**

We ask questions about the world around us

We are **wordsmiths**

We develop and use a range of scientific vocabulary

We make **meaningful links**

We build on prior knowledge, learning more and remembering more

Knowledge

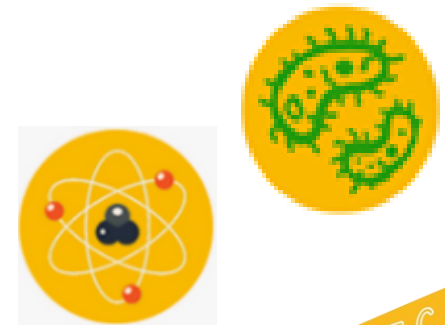

We are **investigative**

We use a range of enquiry types and practical resources

We are **all scientists**

We know that science is relevant to us now and in the future

SCIENCE IS FOR EVERYONE
