*Our school crossing patrols work in all weathers, keeping the children of Lincolnshire safe on their journeys to and from school. If you know someone who would be interested in carrying out this essential*

*community-focused role, we have vacancies in a number of locations around Lincolnshire and would love to hear from you.*

*Good luck and thank you to Simon Wright from Blyton and Sarah Glover from Louth, who have both left the team*

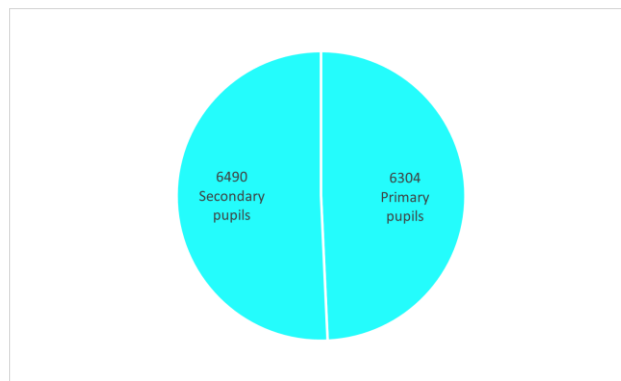

---

## Road Safety Education Team

---

*The team have continued where they left off last year and have had an extremely busy Autumn and Spring term, delivering road safety education across the county to over 12,000 pupils between September 2022 and March 2023.*

---

*13 - The Education team have reached over 12000 pupils so far this academic year.*

Getting out and about when that sun comes out!

*14 - Always wear a cycle helmet for all journeys, no matter how short.*

*15 - Adults can set a good example for children by holding hands, choosing safe places to cross roads and demonstrating the use of Stop, Look, Listen and Think.*

*16 - Encourage children to meet up and play in safe places, away from moving traffic. Gardens, parks and green spaces are much safer than roads, car parks or driveways.*

*17 - Always watch out for children playing when driving around in residential areas, especially as the weather warms up. Young children don't always have road awareness and can easily wander or fall into the road.*

## Walk to School Week 2023 - 15-19 May 2023

**"to make pupils experience first-hand the importance of walking to school."**

Your school can take part in this year's [walk to school week](#), a week of activities from Living Streets to get pupils walking to school.

## Upcoming Events

The LRSP and the Education Team will be attending various events across the county in 2023, including the Lincolnshire County Show, British Superbike Championships at Cadwell Park and Christmas markets. We would love to see you all there.

The Education Team support the Engagement Team in delivering vital road safety messages to members of the public at events and shows across the calendar year. ## Nuisance Parking

We regularly hear about nuisance or antisocial parking issues around schools in the county. This can cause frustration and anger for other road users and local residents. In some cases, nuisance parking causes safety issues for children arriving at and leaving school. If you need to park the the vicinity of a school during pick up and drop off times, please be considerate to pedestrians and park in places least likely to cause any obstructions or risks to pupil safety.

Lincolnshire County Council have an [online form](#) to report nuisance parking issues direct to the civil parking enforcement team.
