

We'll explore different countries, climates and extreme weather conditions around the world. Locating continents, countries, seas and oceans on world maps.

During this bonkers topic we will be studying some of the Spiritual, Moral, Social and Cultural (SMSC) aspects of the world's extreme weather by investigating how people in communities around the world help each other to stay safe during extreme weather. We also take a tour around the planet, recognising how the lives and cultures of others are different to our own and how the weather impacts this.
