Properties and Changes of Materials

Material World

A study into how different substances are separated and dissolve in liquids.

During this exciting topic we will be studying some of the Spiritual, Moral, Social and Cultural (SMSC) aspects of Greek life by investigating the development of democracy during the Greek era and examining how girls and boys were treated differently in the isolated city states. We will be comparing and contrasting their rights then to our rights now, recognising the importance of equality, treating everyone fairly and listening to the views and opinions of others.

Geography

A study and comparison of a region in North America and a region in the UK.

PSHE
