

## PSHE -

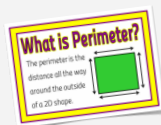

In our JIGSAW lessons, we will begin to build on our dreams and goals where we will be thinking about working together as a team, using perseverance to achieve our goals.

## Mathematics -

We'll continue our multiplication and division work, including multiplying and dividing 2 digit numbers!

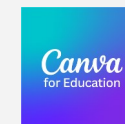

We'll begin our measurement work with a hands on approach. We will learn to use a ruler accurately. Through practical lessons, we will become experts in finding the perimeter of shapes.

## Computing and E-Safety -

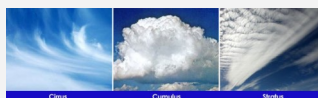

We will be creating media using frame animations and publishing using the Canva for education app.

Safer Internet Day is on Tuesday 6th February 2024 and we will be exploring with celebrations and learning based around the theme 'Inspiring change'.

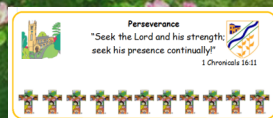

## Geography -

This term we are going to become super Geographers by investigating weather patterns, observing clouds over time and measuring wind speed. We will also carry out field work studies of our school grounds with a bird's eye view map and 4 figure grid references.

# There's two sides to every story... Year 3

## Art -

Understanding the concept of lines. Using different types of lines and materials. Looking and exploring how artists use lines in their work.

## RE -

Our Christian Value for this term is Courage. In RE, we are exploring the Christian worldview of the Trinity through our learning about Jesus' baptism and the Grace prayer.

## English -

We will explore a number of our favourite fairy tales, examining common themes and conventions. We will then use this to help us plan and write our own setting and character descriptions, before writing our very own fairy tales!

## DT -

We will be designing and making our very own toys with moving parts (pneumatic mechanisms!), inspired by the book, 'Inside the Villains'.

## PE -

We will be working on our fitness and gymnastic skills.
