

We are thrilled to announce that we have now used our £1000 Tesco Community Grant to further enrich the reading material in our library. We aim to promote a love of reading among all our pupils, fostering a lifelong passion for literature and learning.

With the generous support of Tesco, we have been able to replenish our non-fiction materials, providing our children with a diverse and engaging selection of books. The grant has allowed us to streamline our library collection, making sure it is as exciting as possible.

The reinvigorated library space has become a hub of activity, with pupils eagerly exploring the new books and sharing their discoveries with their peers.

Thank you to everyone who voted for us earlier this year!
