

Dear Parents, Carers and Pupils,

Scifest 2024 is coming!!

In October your school will be visited by some very exciting visitors! For the past 2 years, the Bourne Scifest committee have been busy organising some amazing presenters, shows and workshops to visit the primary schools of Bourne and the surrounding areas. These shows and presenters will be visiting schools from Monday 7th to Friday 11th October 2024. Pupils of all ages will take part and there are 7 different shows that your school will have chosen from.

The events at schools will be completely free of charge, as all the costs are covered through the generous sponsorship of local businesses, schools and charitable organisations.

However, the fun doesn't end there! In the lead up to Scifest week, your child can snap a science-themed photo and enter our amazing photo competition judged by Bourne Photographic. The closing date is 20th September.

AND..... families have the chance to enjoy the shows too! There will be 2 evening shows for families to enjoy (children 7+)

25th September **The Royal Institution - 'Explosive Food!'** 7.00 pm Bourne Corn Exchange

7th October **Dr Ken Farquhar - It's all Done With Mirrors** 7.00 pm Bourne Corn Exchange

Book tickets here www.ticketsource.co.uk/bournescifest

We are so excited to be bringing inspirational and educational learning to your school and we hope you all enjoy it!

Yours sincerely

The Bourne Scifest 2024 Committee
