

Poles Apart

Time travellers unite!
Let's find out about
the ice ages and
animals that are now
extinct!

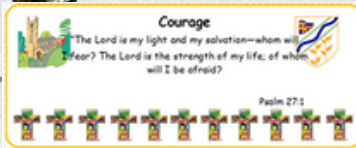

Our Christian Values this term are
'Perseverance' and 'Courage' where
we will be learning about persevering
penguins and courageous lions! In
Terms 3 and 4 we will focus on,
'Forgiveness and Compassion',
through storytelling.

This term we will begin by
comparing and contrasting
the North and South Pole.
We will be little explorers
and find out which animals
live where! Do you know
where penguins live?

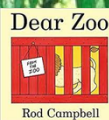

We find out how penguins
persevere through the
blizzards by sharing non-
fiction and fiction texts e.g
Lost and Found, The
Emperor's Egg and Egg to
Penguin.

Where the Wild Things Are!

Dinosaurs!

We will travel back in time
to the land of the dinosaurs
to find out about these
majestic creatures from
the past. What dinosaurs do
you know?

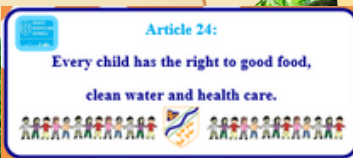

Patterns

What is your favourite
pattern? Our Pattern day is on
Friday 4th February! How
many patterns will you wear?

We will learn all about
the global celebration of
Chinese New Year. We
will make and try spring
rolls by reading and following
a recipe. This year is the
year of the tiger!

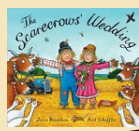

Carrying on as little
explorers we will research
and discover animals that
live in hot tropical places
and how they adapt to their
environments. What do you
know about the word,
'Camouflage'?

Chick This Out!

In Term 4 we explore farm
animals and discover old and
new farm machinery.

Our door is always open!
Thank you for your
continued support and
please remember that our
door is always open.
Kind regards,
The Reception Team

Poles Apart

Understanding the World

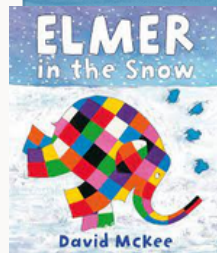

Time travellers unite!

Lets find out about the ice ages and land of the dinosaurs to discover animals that are now extinct!

Mathematics

We will continue to explore our number bonds and subtraction facts to 5 with Polar and jungle number stories using 5s frames, numicon and the number blocks. We will explore patterns in the environment and create repeating patterns on Elmer's Pattern Day.

PSED

We find out how penguins persevere through the blizzards by sharing non-fiction and fiction texts e.g Lost and Found, The Emperor's Egg and Egg to Penguin.

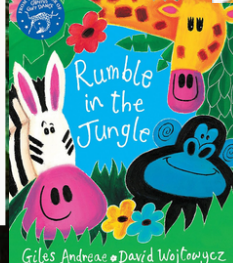

Where the Wild Things Are!

Expressive Arts and Design

We look at Henri Roussou's 'Tiger' and have a go at disguising our own wild animals!

Dear Zoo

Physical Development

We will follow a recipe to create spring rolls for Chinese New Year. We will learn new preparation and cutting skills and discover a range of healthy vegetables.

Literacy

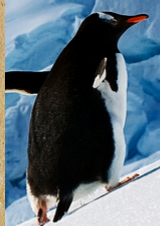

We will use a wealth of fiction and non-fiction texts to inspire our reading and writing for a purpose including lists, letters and recounts.

Communication and Language

Our topic is an abundance of story telling, exploration and vocabulary that will weave throughout the 7 areas of learning.
